Faculty Development Prog. on Innovative Methods in Teaching held at SDM-IMD

SDM-IMD Director Dr. N.R. Parasuraman (in suit) flanked by Dr. Nilanjan Sengupta and Dr. Mousumi Sengupta of SDM-IMD seen with the participants of the Faculty Development Programme held at the Institute in Siddarthanagar recently.

Mysuru, June 7- "In the ever-changing business environment, managing people at workplace has become increasingly challenging. In the context of changing expectations and demographics of workforce, managers need to cope with various human and non-human facets at work," said Dr. Mousumi Sengupta, Faculty Facilitator and Professor - HR & OB, Shri Dharmasthala Manju-

natheshwara Institute for Management Development (SDM-IMD), Mysuru.

Speaking at the inaugural session of the two-day Faculty Development Programme (FDP) on Innovative Methods in Teaching HRM and OB on June 5 at SDM Institute, she said students must be sensitised to the dynamics of managing interpersonal relationship at the workplace, which needs to be

learnt by them, not only through concepts, but also through experiential learning.

Highlighting the aim of the programme, Dr. Nilanjan Sengupta, Faculty Facilitator & Professor - HR & OB, SDM-IMD, said some of the innovative teaching methods in the area of HRM and OB, which can be used effectively in classroom situations to promote a holistic learning experience for the students are intro-

duced to the participants from across India.

These methods will provide the students with real life situation scenarios through innovative teaching methods such as case study analysis, role play, experiential learning and simulations.

Dr. N.R. Parasuraman, Director, SDM-IMD, who inaugurated the programme, stressed the need for innovation in teaching

methods of all disciplines.

He further said that innovation will help students to be better decision-makers, understand real-life situations and industry-ready.

The workshop had participants from all over the country.

Prof. Malathi Sriram, Chairperson-PGDM, SDM-IMD and Dr. M.V. Sunil, Programme Co-ordinator, were present during the programme.
